Class Size Report 2011-2012

**Data based on enrollment numbers as of
October 1, 2011**

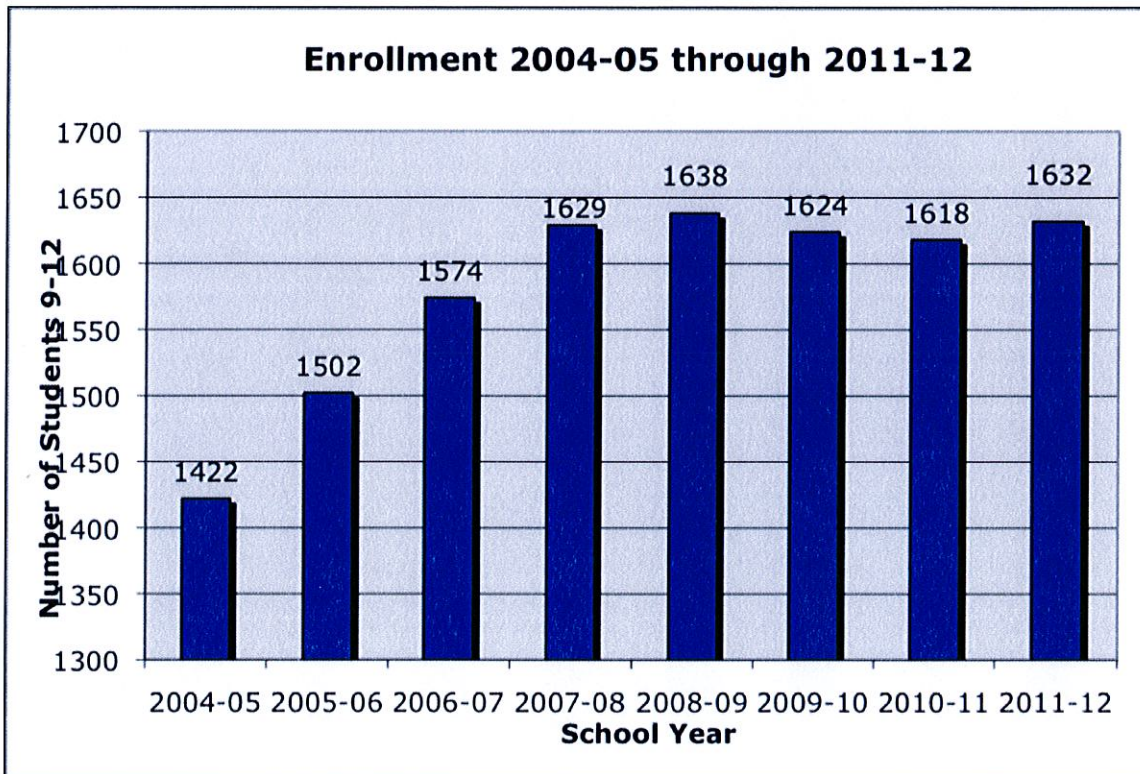

Shrewsbury High School

Class Size Report - October 2011

This report is based on data from the week of October 1, 2011. It contains information on class size and student enrollment for the first and second semesters of the 2011-2012 school year.

Overall Enrollment

The high school enrollment has increased in 2011-12 by 14 students from 2010-11. The charts below show the eight-year enrollment trend for the high school both in the aggregate and by grade.

Enrollment by Grade: 2004-05 to 2010-11							
Grade	05-06	06-07	07-08	08-09	09-10	10-11	11-12
9	425	407	419	393	421	401	414
10	402	435	404	429	398	417	414
11	346	387	423	390	415	390	413
12	329	345	383	426	390	410	391
Total	1502	1574	1629	1638	1624	1618	1632

Staffing and Class Size

Average class sizes across all departments did not change dramatically from 2010-11.

A total of 0.4 FTE's were eliminated in English Language Education as a result of a decrease in enrollment of students who need services.

Average Class Size By Department: 2006-07 to 2011-12							
Department	06-07	07-08	08-09	09-10	10-11	11-12	Range 11-12
English	23	22	21	20	22	22	15-29
English Language Education	n/a	n/a	n/a	n/a	27	22	4-13
Family & Consumer Science	20	21	20	20	20	20	10-25

Technology Education	18	17	16	19	21	19	18-21
Visual Arts	19	19	17	18	19	19	12-24

Teacher Caseloads and Class Enrollment

The vast majority of SHS teachers are responsible for a caseload of between 100 and 125 students (20-25 students per section). Department class size averages remain within School Committee guidelines. However, when you look at individual course enrollment numbers by department, you will see that there are pockets of sections with 27-30 students; these classes are considered over-enrolled. The following table shows the number of core academic sections over-enrolled by department. In October of 2009, we detected a trend showing a decline in over-enrolled sections (21% in 07-08, 18% in 08-09, and 14% in 09-10). The increase in over-enrolled sections in Science is a result of reallocating FTE resources to expand our Environmental Science programming.

Dept.	Total # Sections			# Sections 27+			% Over-Enrolled		
	09-10	10-11	11-12	09-10	10-11	11-12	09-10	10-11	11-12
English	79	73	74	9	6	6	11%	8%	8%
For. Lang.	54	52	54	12	11	10	22%	21%	19%
Health	36	36	36	4	10	0	11%	27%	0%
Math	77	74	74	6	17	21	7%	22%	28%
Science	74	74	73	21*	24*	36*	28%	32%	49%
Soc. Sci.	80	75	74	6	17	22	7%	22%	30%
TOTALS	400	384	385	58	85	96	14%	22%	25%

*Maximum enrollment in science sections is 24

Impact of School Choice

As of October 1, 2010, 17 school choice students were enrolled at Shrewsbury High School in grade 9 and as of October 1, 2011 there were 15 school choice students still participating the program. The data indicates that the school choice enrollments have not had a significant impact on the master schedule or class size.

Guidance

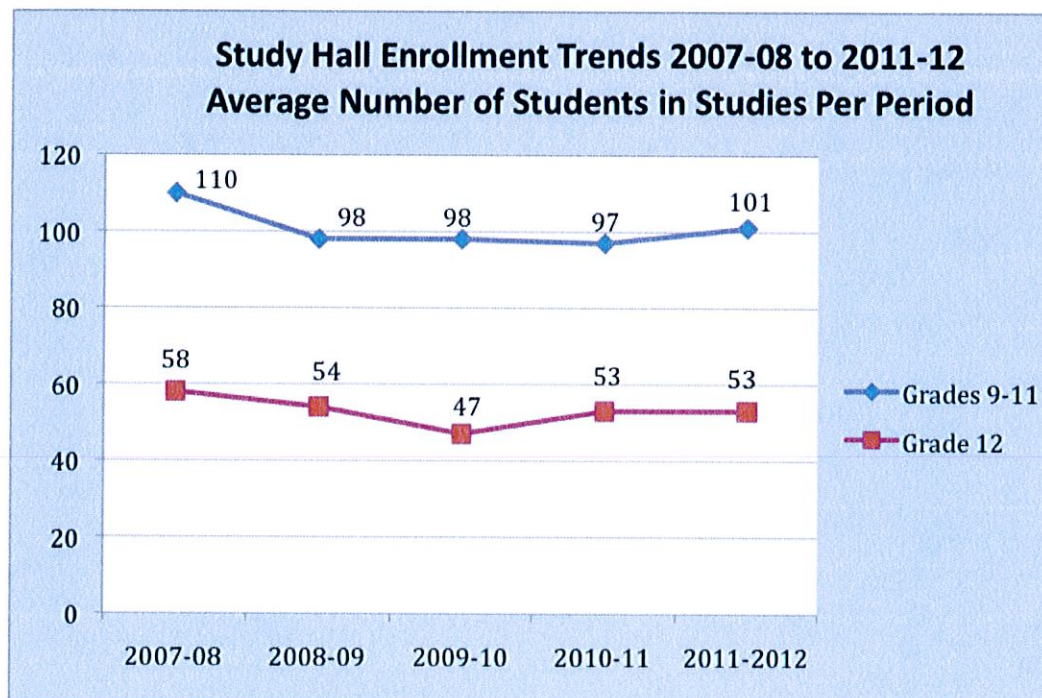

This year, the guidance department has fully transitioned to a new student assignment system that has assigned a more balanced number of students from each grade to each guidance counselor. Last year, caseloads for counselors were inconsistent as we began to transition to our new system. At the start of the 2011-12 school year, the transition is complete and caseloads are once again evenly distributed. The average student to counselor ratio this year is approximately 250:1. A complete listing of guidance counselor caseloads can be found in the guidance department section of this report.

Lab Sciences

Class sizes in lab science courses continue to be a concern. National laboratory safety standards recommend that lab science courses have no more than 24 students enrolled. We currently have 28 sections above this limit and an additional 8 sections of non-lab science courses over-enrolled. Additional FTE's would be necessary to reduce the number of lab science sections above 24.

Study Halls

After two consecutive years of receiving additional FTE's (2007-08 and 2008-09), study hall numbers declined. This year, study hall enrollment numbers remained relatively stable when compared with data from the 2009-10 and 2010-11 school years. The graph below shows the five-year study hall trend. Each data point represents the average number of students in study halls during any given class period.

Student Credit Loads

A full-schedule includes 30 - 35 credits, depending on the grade of the student and the number of studies in that student's schedule. In years past, many seniors only carried 27.5 credits and several students in grades 9-11 were carrying 30 credits. The chart below shows student credit loads (percentage) by grade for 2011-2012 compared to 2010-2011.

Credit Load	Seniors		Juniors		Sophomores		Freshmen	
	10-11	11-12	10-11	11-12	10-11	11-12	10-11	11-12
>35	2%	6%	11%	8%	6%	8%	1%	3%
35	7%	7%	58%	53%	10%	9%	38%	51%
32.5	32%	35%	22%	29%	83%	80%	61%	45%
30	55%	50%	8%	10%	<1%	3%	0%	<1%
<30	4%	2%	0%	0%	0%	0%	0%	0%

Staff availability to cover commons and directed studies continues to be limited. To minimize the overall need, with parental permission, seniors with first period commons study are allowed to arrive to school for second period and seniors with seventh period commons study may be dismissed early. Thirty-nine seniors are eligible for this during first period and fifty-five are eligible for this during seventh period.

Student Internships and Independent Studies

Students continue to enroll in school-based internships and independent studies for credit during what would otherwise be study periods. These opportunities have helped mitigate the overall study hall numbers. School-based internships include office internships, which involve clerical duties (e.g. answering telephones, filing, reception) as well as academic internships where students work as teaching assistants in certain classrooms and provide clerical support to department directors. Independent studies are often project-based and involve a contract between an individual student and a single teacher. Enrollments for 2011-2012 are found on the following page.

Internships	2010-11	2011-12
Program	# Students	# Students
Math Internship	14	11
Science Internship	4	6
Social Science Internship	12	1
